HOW DOES IT WORK?

Simple. You obtain the details of people that have had an accident and, with their consent, forward these to us for initial vetting - this can be done by using the online portal, telephone or fax. If we accept the case then we will record this case against your unique referrer ID (found on your affiliate card) and pay the enhanced referral fee to you as soon as we have an admission of liability on the case.

Are there any costs of joining?

No. We will get you started with a starter pack which includes some marketing material for free. If you find that you are doing well (as we hope you will) you may wish to advertise further or build a website presence - we can help you with this.
